

ZAVSAP - Food Processing Trainings on offer

Bee keeping and honey processing

(by CADS, FPC, CTT, KLV and KDCA)

Learn to build bee hives and harvest and process honey!

Fruits and vegetables processing

(by CADEC, CADS, CTT, CTDT, KLV, KDCA, LGDA, FPC and ZWB)

What can you do with veggies and fruit after you have chopped them up? Discover exciting ways to process them in this training.

Wild fruits processing

(by CADS, CTDT, KLV, CTT and CADEC)

Learn to make juices and jams from the wild fruits you find in your area. The workshops are adapted in function of the fruits to work with.

Cowpea and soyabean processing

(by CTT, LGDA and CADS)

Soya and cowpea can be the base for many different products: milk, mince, pies, biscuits, coffee, ...

Tomato processing

(by CADEC, CADS, CTT, CTDT, KLV, KDCA, LGDA, FPC and ZWB)

Tomatoes can be more than the base for relish: chutney, juice, paste, soup, jam, ...

Uses and processing of Jatropha and Moringa

(by KLV and KDCA)

Soap, fuel, nutrition, ... all this available from trees! Learn all about Jatropha and Moringa trees and their applications in this course.

Herbs (gardens, processing & marketing)

(by CADEC, CADS, CTT, CTDT, KLV, KDCA, LGDA, FPC and ZWB)

Learn to get the most out of the herbs in your gardens.

Sweet potato and cassava production & processing

(by CADEC, CADS, CTT, CTDT, KLV, KDCA, LGDA, FPC and ZWB)

Muffins, bread, chips, fritters, ... go the extra mile with your sweet potatoes and cassava!

And also...

- **Healthy Harvest:** good nutrition and the growing, processing and preparing of healthy food (by CADS, CTT, FPC, KLV, CTDT, KDCA, LGDA, ZWB)
- **How to organise fairs** (by CADEC, CADS, CTT, CTDT, KLV, LGDA, and ZWB)
- **Post-harvest handling** (by CADS)
- **Quality management** (by CADS, CTT, FPC, KLV, KDCA, LGDA, ZWB)
- **Sorghum processing** (by CTT, LGDA, KDCA, CADEC)
- **Hot box cooking** (by CADS and CTT)
- **Cereal blends** (by CADS)

Contact our members (details on back page) for more information on these courses.
